Prices above INCLUDE Dust and Scratch Software on our Wehrli RM5 Photogrammetric Scanner. Files can be saved as RAW, TIF, Compressed TIF, JPG & JPG2000.

We can also scan older photographs and provide minor retouching services or suggestions if you would like to do them yourself.

Scanning old negatives and images is a great way to share old memories with family members. Our suggested way of naming files is:

Year-Month-Day Person Event Neg#

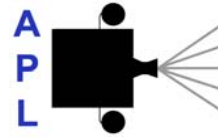

For example:

1929-11-13 Lewis Johnson & Marguerette Gerhardt on Fence NegC45

This format allows easy sorting by year and searching by name.

Above image is scanned from a print NOT a negative.

Digital Photographic Enlargements:

1st Print Price is 8.5¢ per square inch. Additional prints of the same enlargement are priced at 6¢ per square inch. Please note that decimal inches are rounded up, so an 8.5x11 is billed as a 9x11.

Mounting Services:

Our in house mounting services utilize a VacuSeal 5298H Vacuum Dry Mount Press and a 52" Cold Press that is only limited by the width of the press. Mounting costs are figured per square foot as follows:

3/16" Black GatorBoard	1/2" Black GatorBoard	3/4" Black GatorBoard
\$4.65/sq ft	\$5.75/sq ft	\$7.50/sq ft

Please note that due to size, mounted enlargements over 20x24 must be picked up locally.

Laminating is \$3.00/sq ft.

Canvas Enlargements:

Our Canvas Enlargements are made by mounting the photograph on a board, stripping off ONLY the photographic emulsion and mounting that onto canvas. Canvas Enlargements have a "laminated" coating.

The cost for some popular sizes is:

	FLUSH TRIM	Added 2" for Stretcher	w/ Stretcher Frame add
8x10	\$60.00	\$70.00	\$10.00
11x14	\$75.00	\$90.00	\$12.00
